

HOW TO FIND THE PERFECT FIT

Below is a table to help you determine what Contour Perfit Mouse size you will need and instruction on how to measure your hand.

You should use a ruler to measure your hand from your first wrist crease to the tip of your middle finger as shown.

Note: If your hand measurement is between two sizes and you have a relatively thin hand, select the larger size. If you have a thick palm you should choose the smaller of the two.

Hand Size		Mouse Size
Imperial	Metric	
Up to 6-1/4"	Up to 16 cm	Extra Small
6-1/4" to 6-3/4"	16 to 17 cm	Small
6-3/4" to 7-1/2"	17 to 19 cm	Medium
7-1/2" to 8-1/4"	19 to 21 cm	Large
8-1/4" and above	21 cm or greater	Extra Large
