measure

# adapt<sup>®</sup> 200

The 'petite' solution, ideal for young people and smaller adults, the adapt200 chair is offered on a made-to-measure only basis, built around your dimensions

easiSpec<sup>®</sup>

## big comfort petite seating

We are proud to say we are the only company in the UK who will cut a chair to fit any individual of any size

because people aren't made to standard specifications...

Even down to just 370mm

|                | Min   | Max   |
|----------------|-------|-------|
| 1. Back Height | 370mm | 690mm |
| 2. Seat Depth  | 330mm | 410mm |
| 3. Seat Width  | 270mm | 410mm |
| 4. Seat Height | 360mm | 640mm |

We recommend this chair for persons up to 16 stones (100 kilos)  
BS5459:Part 2: 2000 compliant

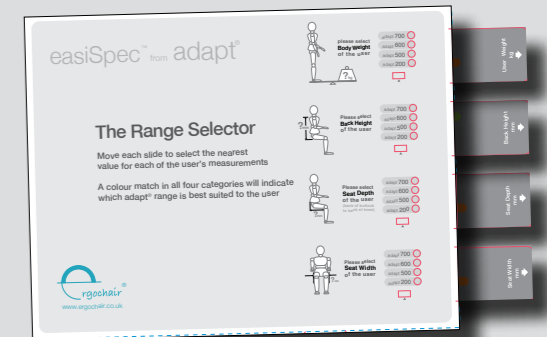

Standard features on the adapt200 chair:

- 3-lever Asynchronous Pelvic-Tilt Mechanism
- Made-to-Measure cutting service
- Back Height Adjustment
- Seat Depth & Height Adjustment
- Inflatable Lumbar Support
- Memory Foam Seat Layer

The adapt<sup>®</sup> 200 is also available with an optional ergostep<sup>™</sup> footstool which may be attached to assist with getting in and out of your chair

Our adapt ranges are now even simpler to specify, using the easiSpec<sup>®</sup> system. By taking a few simple measurements our Range Selector will help you choose which adapt range is best for your needs

The corresponding easiSpec<sup>®</sup> guide will then take you through the adaptations steps, such as arm and neck supports and air cell options to arrive at your ideal chair prescription
