HWS  
YOUR COMFORT - TAKEN SERIOUSLY

# SIT • STAND • PERCH

Zenki seating range combines superb comfort with innovative dynamic support for all working postures

**Zenki®**  
Good ergonomics at work

## Zenki Sit-Stand

By combining the ergonomic benefits of the Zenki Sit chair with the versatility of the Zenki Perch, we've made it possible to work in any posture you choose – all from one chair. Seat depth adjustment and inflatable lumbar support fitted as standard.

## Zenki Sit

Combining excellent comfort with a unique gravity-driven action, the Zenki Sit allows fully-supported dynamic movement. Available in two sizes, with seat depth adjustment and inflatable lumbar support fitted as standard.

## Zenki Perch

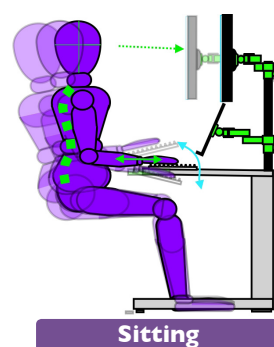

The ideal ergonomic solution for alternating between sitting and standing positions. The "halfway" height combined with the forward tilt provides a great alternative sit. Brake-loaded castors fitted as standard.

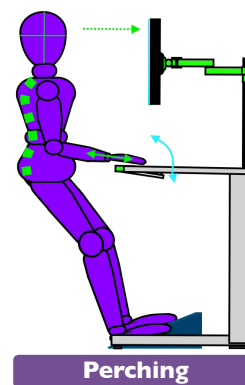

## Auto-brake system

Zenki Sit-Stand is fitted with an auto-braking system to anchor the chair when used in sit-stand/perch postures.

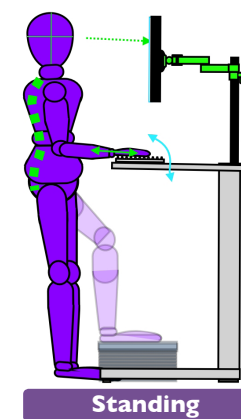

"Zenki® range is great for multi-tasking and encourages frequent change of working position reducing stress and tiredness"
