Never just sit.

Herzlichen Glückwunsch zum Kauf eines Aerus Muvman. Eine gute Entscheidung für ein aktiveres und gesünderes Leben.

Viel Spaß!

Dein Körper (besonders dein Rücken), dein Stoffwechsel und alle Mitarbeiter von Aerus

Congratulations on purchasing an Aerus Muvman. A great way to pursue an active and healthy lifestyle.

Enjoy!

Your body (especially your back), your metabolism and the Aerus team thank you for your purchase.

Tips

Experience a wide variety of sitting and standing options using the entire range of sitting positions: high when standing, low when just sitting, or tilted to the side or forwards – the Aeris Muvman is always different, always variable and always in motion.

Use

Standing seat for a varied range of sitting or standing options at different workplaces. The Aeris Muvman features a handle on the seat, so you can transport it everywhere.

Settings

The height can be freely adjusted between 51 and 84 cm (or 60 and 93 cm for the High version) using the easy-touch buttons under the seat. The centre column of the AERIS Muvman is easy to tilt and moves via a joint in the base plate, ensuring your back remains straight.

Maximum load

120 kg

Disassembly

Please note that the AERIS Muvman can only be disassembled in the factory (special tools are required). Work on or replacement of the gas spring must be carried out only by trained specialists.

Care

Please find all of the care instructions online at www.aeris.de/en/muvman.

Warranty

We grant a total warranty period of three years from the date of purchase if the AERIS Muvman is purchased directly from an authorised AERIS specialist dealer or from our online shop. For more information on the warranty conditions, please visit www.aeris.de/warranty.
